

SUPER-CLEAN POWDER DETERGENT

Super-Clean is an All-Purpose Detergent for Cuda Aqueous Parts Washers

Super-Clean is a powdered concentrate parts washer detergent that is effective in cleaning a variety of parts including iron, steel, soft metals, plastics and electronics. It contains a corrosion inhibitor for protection against corrosion and flash rusting, and an enhanced non-foaming formula to assist with foam control in the parts washer sump. This biodegradable detergent is effective in removing oil, grease and carbon quickly.

FEATURES / BENEFITS:

NON-CAUSTIC

Protects your parts washer

HIGHLY CONCENTRATED

A little goes a long way - dilution ratio up to 1-4 oz. / gallon

BIODEGRADABLE

Peace of mind that it's ecologically acceptable

VERSATILE

Extra load of softening agents so it works well with hard or soft water

FAST ACTING

Butyl-based blend engineered to cut grease and suspend oils quickly

COMPETITIVELY PRICED

Excellent value for cost
Economical cost per gallon

CORROSION INHIBITORS

Extra inhibitors provide added protection against flash rusting.

NO-FOAM, QUICK RELEASE

Non-foaming, quick-release surfactants extend life of wash water

SAFE ON METAL

Tested for metal safety by Scientific Materials International - test data available.

BEST TO REMOVE:

- Oil & grease
- Burnt hydrocarbons
- Scale
- Varnish
- Carbon
- Mastic
- Rubber

APPLICATIONS INCLUDE:

- Diesel engines
- Aerospace components
- Aluminum automobile engine parts
- Rolling mill equipment

Container	Description	Part No.
40 Lbs.	Super-Clean	8.905-708.0
100 Lbs.	Super-Clean	8.698-002.0
450 Lbs.	Super-Clean	8.698-002.0

SUPER-CLEAN POWDER DETERGENT

Parts washers are an essential piece of equipment in the commercial and industrial manufacturing industry. They remove grit, oil and abrasive dust that may be left over from manufacturing which threatens the integrity of any coating or further treatment.

Utilization of an automatic parts washer will save time, money and man-power as well as ensure the excellence of the finished product.

Cuda detergents contain advanced formulas engineered specifically for use in aqueous parts washers. There are Cuda products for both automatic and manual parts washers. The Cuda advanced formulas include an exclusive multi-metal corrosion inhibitor package for rust-protection of all wetted surfaces.

The 90-day labor warranty for all Cuda parts washers is automatically extended to a 1-year labor warranty when Cuda detergents are used exclusively. Cuda parts washers are also covered by a 1-year parts warranty.

SPECIFICATIONS:

Formulation:	A concentrated powder for use in parts washers that is effective in cleaning a variety of parts. Contains a corrosion inhibitor to protect against corrosion and flash rusting, and an enhanced defoamer to assist with foam control in the parts washer sump.
Biodegradability:	Fully biodegradable and contains no caustic soda (sodium hydroxide).
pH at 4 Oz in 1 Gal:	12.4
VOC Content:	1 gram
Foaming Action:	Non-foaming
Water Conditioning for Hard Water (TDS):	Yes
Dilution Ratio:	1-4 oz. / gallon
Color:	White powder
Scent:	None
Corrosion:	Super-Clean contains a corrosion inhibitor to protect against corrosion and flash rusting long after washing is completed.
Product Safety:	OSHA / WHMIS / GHS compliant Safety Data Sheet (SDS) available
Smog & Ozone:	This product does not contain photochemically reactive ingredients that contribute to smog problems or attack the earth's ozone layer
Containers:	Available in 40 lb, 100 lb, and 450 lb containers

SUPER-CLEAN PLUS DETERGENT

Super-Clean Plus is an All-Purpose Detergent for Cuda Aqueous Parts Washers

A heavy duty parts washer detergent that contains d-Limonene, a citrus based cleaning agent particularly effective in penetrating and cleaning hard to remove grease, oil, tar, and carbon based deposits. It is biodegradable and is designed specifically for use in industrial parts washers. Cuda Super Clean Plus is an alkaline detergent with multiple components to help maintain enhanced oil and grease cleaning properties even at the end of the bath life.

FEATURES / BENEFITS:

NON-CAUSTIC

Protects your parts washer

HIGHLY CONCENTRATED

A little goes a long way - dilution ratio up to 1-4 oz. / gallon

BIODEGRADABLE

Peace of mind that it's ecologically acceptable

PHOSPHATIZER

A Concentrated Heavy-Duty Liquid Detergent For Cleaning Steel and Iron

Phosphatizer is a biodegradable cleaner and phosphatizer for iron and steel designed specifically for use in Cuda Industrial Parts Washers and for spray, dip or wipe-on cleaning and phosphatizing.

Phosphatizer cleans equally well in hard or soft water and is formulated with a unique combination of cleaning agents and defoamers that make it a long lasting economical solution to use.

FEATURES / BENEFITS:

NON-CAUSTIC

Protects your parts washer

HIGHLY CONCENTRATED

A little goes a long way
 Dillution ratio up to 60:1

BIODEGRADABLE

Peace of mind that it's ecologically acceptable

COMPETITIVELY PRICED

Excellent value for cost
 Economical cost per gallon

HIGH-QUALITY DETERGENT

Specially designed for aqueous parts washers
 Designed for high temperature cleaning

CORROSION INHIBITORS

Extra inhibitors provide added protection against flash rusting

NO-FOAM, QUICK RELEASE

DEFOAMER

Concentrated Biodegradable Defoamer for Aqueous Parts Washers

Cuda Defoamer is a fast-acting, biodegradable agent that suppresses foam build up in soak tanks and automatic parts washers.

It can be used with Cuda Phosphatizer as it does not interfere with phosphatizing.

Cuda Defoamer is extremely user friendly, readily biodegradable and works effectively in hard or soft water. The high dilution ratio makes the cost-in-use very economical.

Because Cuda Defoamer is formulated to be used in automatic parts washers, it is compatible with any metal, painted or plastic pieces that can be cleaned in a parts washer.

FEATURES / BENEFITS:

HIGHLY CONCENTRATED

A dilution ratio over 500:1 = economical cost-in-use

BIODEGRADABLE

Peace of mind that it's ecologically acceptable

COMPETITIVELY PRICED

Excellent value for cost
 Economical cost per gallon

CONTROLS FOAM

Suppresses foam build-up in soak tanks and parts washers.
 Protects your parts washer from damage.

APPLICATIONS INCLUDE:

- *Parts Washers*
- *Soak Tanks*
- *Floor Scrubbers*
- *Carpet Cleaning Machines*
- *Ultrasonic Cleaning*
- *Wash-Water Recycling Systems*

DIRECTIONS FOR USE:

Read Material Safety Data Sheet thoroughly before using this product. For general use, mix with water add to detergent mixture at a 500:1 dilution rate. Adjust dilution depending on severity of foam build up. Add 1 to 2 fluid ounces of Cuda Defoamer at a time, as needed, to reduce foam to desired level

Container	Description	Part No.
4 x 1 gal	Defoamer	8.725-996.0
5 gal	Defoamer	8.698-007.0
55 gal	Defoamer	8.698-012.0

VAPOR CORROSION INHIBITOR

A rust and corrosion inhibitor designed to prevent rust and corrosion on the internal surfaces of aqueous parts washers

Vapor Corrosion Inhibitor is especially effective in inhibiting rust in top and front-load automatic parts washers. It contains a superior blend of rust and corrosion inhibitors that give outstanding protection in both the liquid and vapor phase. This helps protect steel and prevents rust in automatic parts washers. It also helps prevent rust and corrosion on metal parts being cleaned.

FEATURES / BENEFITS:

NON-CAUSTIC

Protects your parts washer

HIGHLY CONCENTRATED

A little goes a long way

Dilution ratio of 0.5 - 2.0 oz / week

BIODEGRADABLE

Peace of mind that it's ecologically acceptable

COMPETITIVELY PRICED

Excellent value for cost

Economical cost per gallon

HIGH-QUALITY DETERGENT

Specially designed for aqueous parts washers

Designed for high temperature cleaning

CORROSION INHIBITORS

Extra inhibitors provide added protection against flash rusting

NO-FOAM, QUICK RELEASE

Non-foaming, quick-release surfactants extend life of wash water

APPLICATIONS INCLUDE:

- *Aqueous Parts Washers*
- *Soak Tanks*
- *Rinse Water*
- *Ultrasonic Cleaning*

ALUMINUM & ALLOY CLEANER

A Concentrated Heavy-Duty Liquid Detergent That's Safe For Soft Metals

Cuda Aluminum & Alloy Cleaner is a specifically designed aluminum cleaner for use in automatic parts washers that is ideal for cleaning aluminum, especially truck trailers and aircraft.

This heavy-duty, biodegradable, non-caustic product is aluminum safe at all concentrations. It can be used safely on a number of alloys, such as brass, stainless steel and copper, as well as plastics.

Cuda Aluminum & Alloy is engineered to work in hard or soft water and removes baked-on carbon, oil and grease.

FEATURES / BENEFITS:

NON-CAUSTIC

Protects your parts washer

SAFE AT ALL CONCENTRATIONS

Dilution ratio 4 - 20 oz. / gallon

BIODEGRADABLE

Peace of mind that it's ecological¹ acceptable

COMPETITIVELY PRICED

Excellent value for cost
 Economical cost per gallon

HIGH-QUALITY DETERGENT

Specially designed for aqueous parts washers
 Designed for high temperature cleaning

CORROSION INHIBITORS
